

Sofia Erlikhman

GRAPHIC & WEB DESIGNER

Wiesbaden, Germany +49 171 2147996 sofiaerlikhman@gmail.com

Graphic and web designer working across brand identity, print, and AI-driven content. Builds cohesive visual systems that hold together at every scale, from packaging to full digital platforms. A background in artificial intelligence brings structural logic to design intuition, turning complex ideas into functional websites, products, and visual content.

01. EXPERIENCE

Lead Designer & Visual Strategist 2025–Present

Five Bays Resort

- Directs brand development and content production for a luxury resort venture: website, AI-generated media, event design, and packaging.
- Produces AI-driven promotional videos and visual assets for digital marketing campaigns.
- Oversees all printed media and advertisement, from brochures to on-site collateral.

Lead Designer 2023–Present

DuTACS GmbH

- Spearheads a full brand overhaul across digital and physical touchpoints.
- Designs and launches a responsive corporate website; manages print advertising, social media content, and multi-format digital production.

Independent Projects 2022–Present

Freelance

- Designs brand identities, custom websites, and interactive digital catalogues across clients and causes.
- Moves easily between editorial layouts, print campaigns, and social content, shaping each project's visual language from the ground up.

Designer & SMM Specialist 2020–2022

Children of the Sun, Kharkiv

- Led a full rebranding, building a new corporate identity for the organization.
- Helped organize a charity event and managed social media and content creation.
- Designed the website and developed packaging prototypes for merchandise.
